Freight-Train Collisions—Two Engineers Killed—Other Employes Fatally Injured.
A Car-Load of Cattle Burned—A New England Hotel Destroyed—Incendiary Fires.

CONFLAGRATIONS.
HOTEL BURNED.
PORTSMOUTH, N. H., Sept. 27.—The Rockingham house, the largest and one of the finest hotels in New England, was burned this morning. Nothing but the walls is standing. The flames started near the boiler room and made rapid headway through the building. Forunately the stairways remained intact, and the guests all escaped. Some of them lost considerable jewelry and money. Sailors from the United States steamer, Vandalla, rendered valuable assistance.
FURNITURE FACTORY BURNED.
GREEN POINT, L. I., Sept. 27.—About 12:45 this morning a fire broke out in the furniture factory of Chas. Neidle & Co. at Williamsburg and quickly gutted the building. The flames spread to the planing mill adjoining, which was partially destroyed. The loss on the building, machinery and stock is estimated at \$75,000.
BOOT AND SHOE FACTORY BURNED.
ST. PAUL, MINN., Sept. 27.—Kellogg & Johnson's boot and shoe factory burned this morning. The loss on the building is \$60,000, machinery \$50,000 and stock \$60,000. The night-watchman says it was set on fire.

THREE FIRES AT CLEVELAND.
CLEVELAND, OHIO, Sept. 27.—At 12 o'clock this morning an incendiary fire was started in the Cleveland lumber and saw mill, in the heart of the great lumber district. A strong wind carried the flames through the yard, destroying a million feet of lumber and about fifty feet of trestle work of the Connonon Valley railway cutting off the trunks from the yards to the depot. The fire was here checked with a loss of \$20,000.
About four o'clock in the afternoon a small boy standing near the passenger station of the Connonon Valley road observed a man creep stealthily up to a baggage car and coach standing on a side track. Shortly after he noticed flames issue from the rear coach and gave the alarm. An engine backed up and drew the cars into an open space where they were completely gutted. The loss was only \$20,000, the cars being narrow gauge. Had the flames from the burning cars reached the depot a large district filled with wooden buildings must have been swept bare.
Toward 5 o'clock fire was discovered in the Green block, but it was extinguished without damage. The kindlings used were two packing-boxes saturated with coal-oil. No arrests have been made.
Purdy & McNeil, one of the largest lumber firms in the city, to-day received an anonymous letter from Chicago warning them that their stock would

AN EMBRYO CYCLONE.
Special to the Gazette.
DECATUR, TEX., Sept. 27.—A severe wind-storm, accompanied with hail and rain, struck Decatur about 6 o'clock and lasted about ten minutes, doing considerable damage. Jesse Carpenter's barn was blown down, several horses injured and two people killed. Many houses were blown from their foundations and the tin roofs of the college building and Dahman Bro.'s clothing store were torn off. The college is damaged to the extent of about eight hundred dollars. Dahman Bro.'s stock was slightly damaged.

TWO TRAINS INJURED.
Special to the Gazette.
BELTON, TEX., Sept. 27.—A freight train on the Missouri Pacific railway was wrecked last night between Echo and Temple and two trains who it is thought were stealing a ride were seriously hurt. Each one of them had a leg broken and they were otherwise injured. They were brought to this city by the Santa Fe this afternoon and will probably have to be cared for by the city. The damage to the road

has been repaired and trains are running as usual. The names of the unfortunate could not be learned.
LOST A FINGER.
Special to the Gazette.

THE BUSINESS WORLD.

A Merchant of Castrovilla Makes an Assignment—Jay Gould Re-signs a Directorship.
A Majority of the Directors Favor Restriction in the Production of Pig-Iron.

THE CREDITORS DISSATISFIED.
CINCINNATI, OHIO, Sept. 27.—There is considerable dissatisfaction among the creditors of Newcomb, Buchanan & Co., owing to the preferences given certain ones said to absorb all the assets. It is thought now that the liabilities will reach half a million dollars. Suit has been brought by Fiesch & Co. of New York against the firm, and the assignees are to recover possession of a quantity of goods furnished goods and damages for unlawful detention. Similar suits have been brought by New, Britain & Co. and James Talcott & Co. of New York.

A POLICY OF SILENCE.
LOUISVILLE, KY., Sept. 27.—There is little new in regard to Newcomb, Buchanan & Co.'s failure. The investigation is going on as rapidly as possible. An authoritative statement to the creditors of the liabilities and irregularities is not expected for a week or more. The managers of the Fidelity Trust company seem to have determined on a policy of silence. They declare that the business is in such a state that they do not feel at liberty to make any further disclosures in the present status of affairs. This is the day on which nearly \$100,000 of the tax on 3000 barrels of July whisky in the Buchanan distilleries falls due. The banks and other parties who have receipts on this property made arrangements through the assignee to pay up the tax on, which was accordingly done.

SYMPATHIZING WITH THE MINERS.
COLUMBUS, OHIO, Sept. 27.—A citizens' meeting was held this evening to express sympathy with the locked out miners. A long letter was read from W. P. Reind of Chicago, which indorses the action of the miners and denounces the arbitrary course of the operators. A letter expressing sympathy was also read from J. T. Fitzpatrick of Cincinnati, president of the iron moulders' union, and others. Addresses were delivered by the president of the Ohio Miners' association, and miners from the strike. Resolutions were adopted condemning the course of the operators in placing troops in the valley, and indorsing the strikers in their movements so far.

FIG-IRON PRODUCTION.
PITTSBURGH, PA. Sept. 27.—The replies to the circular proposing to restrict the pig-iron production have been tabulated and put in shape for ready reference. The number of firms agreeing to restrict is as follows: Maine, 1; Vermont, 1; New York, 9; New Jersey, 2; Pennsylvania, 23; Virginia, 5; West Virginia, 4; Kentucky, 3; Tennessee, 2; Georgia, 2; Alabama, 3; Ohio, 24; Indiana, 2; Illinois, 2; Missouri, 1; Michigan, 4; Wisconsin, 2; Texas, 1; Colorado, 1. Total, 92.
Those declining to restrict are: New York, 1; New Jersey, 1; Pennsylvania, 1; Virginia, 1; West Virginia, 1; Alabama, 1; Ohio, 6; Wisconsin, 1. Total, 11.

CHANGE AMONG THE DIRECTORS.
NEW YORK, Sept. 27.—The directors of the Chicago & Northwestern Railway company, after their adjournment this afternoon, issued the following:
The only business of the board of any interest was the resignation of Jay Gould, Sidney Dillon and Cyrus Field and the election in their places of W. K. Vanderbilt, H. Williams and D. T. Kimball of Boston. The change is of no significance as to the relations between the company and the parties resigning. Kimball and Williams represent the interest of the Blair roads.

COMMISSIONER PIERSON ON THE SITUATION.
NEW YORK, Sept. 27.—Commissioner Pierson said to-day that the meeting of railway presidents, which was held during the week, had not been entirely harmonious, but the differences did not approach so serious a stage as to threaten a disruption of the pool. Commissioner Fink, he said, would gather up with the questions raised and would not resign.

A MERCHANT ASSIGNED.
Special to the Gazette.
SAN ANTONIO, TEX., Sept. 27.—Henry Brade, a merchant at Castrovilla, made an assignment yesterday for the benefit of his creditors. His liabilities are \$10,000 and assets not half that much. Merchants in this city are the principal losers.

WAGES REDUCED.
ST. LOUIS, MO., Sept. 27.—The wages of the car repairers of the Iron Mountain railway have been reduced ten cents per day. It is apprehended that this act of the company will produce a good deal of dissatisfaction.

NO MORE CANTON FLANNEL.
NEWBURYPORT, MASS., Sept. 27.—The Canton flannel department of the Acorn mill shut down at noon for an indefinite period, throwing 300 hands out of work.

Advices from Lima report that Gen. Friga intends to resist the government troops at Trujillo, and it is supposed that resistance will be made to their landing at Bellavista, where there is a battery of two guns.
